Recommended
Installation Dimension

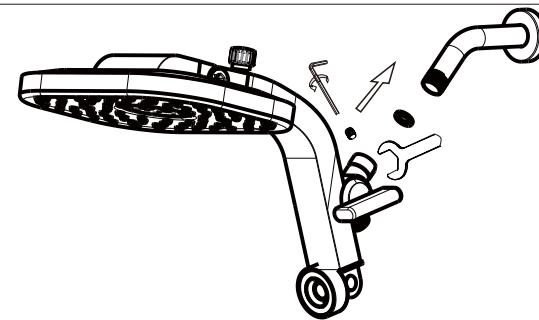

1. Insert the decorative cap into the shower arm;

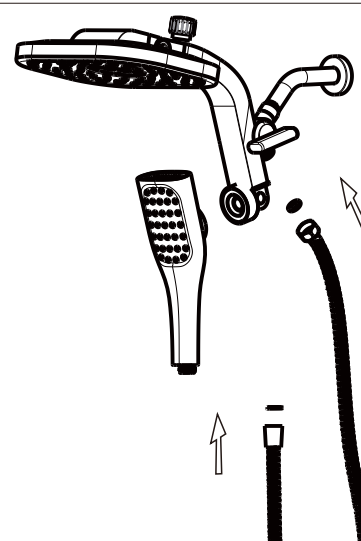

2. Wrap Teflon tape around the threads on the other end of the shower arm and connect it to the user's fitting;

3. Slide the showerhead onto the shower connection valve body, then use a hex wrench to tighten the hex screws.

4. Connect the valve body to the shower pipe and tighten it with an open-end wrench, then use an Allen wrench to tighten the screws.

5. Connect hand shower and the hose.

6. Complete the installation.
